Attendance Policy - Test Knowledge Base Document

1. Minimum Attendance Requirement

Students are required to maintain a minimum attendance of 75 percent in each course during the academic semester.

2. Attendance Monitoring

Attendance is recorded for every scheduled class. Students should regularly check their attendance percentage and report any recording errors to the department.

3. Shortage of Attendance

Students whose attendance falls below the minimum requirement may be prevented from appearing for the final examination unless they receive an approved condonation according to institutional rules.

4. Medical Leave

Medical leave may be considered when supported by appropriate medical documentation and submitted within the period specified by the institution.

5. Important Note

Attendance requirements may vary according to institutional regulations. Students should refer to the latest official academic rules for final decisions.
